

PROPRIETARY NAME AND DOSAGE FORM:

BIO DEFENCE (CAPSULES)

COMPOSITION:

Each capsule for oral administration, contains Andrographis extract, pomegranate extract, Nigellin onyx extract, resveratrol, rosemary extract, sage extract and bioperine.

PHARMACOLOGICAL ACTION:

The combination of ingredients helps to prevent the buildup of biofilm in wounds, and therefore makes it easier for antibiotics to be effective. In addition to this, it assists the immune system in fighting off bacteria. Staphylococcus aureus is especially susceptible to this treatment.

NOTE: Bio defence capsules must be used in conjunction with prescribed antibiotic.

INDICATIONS:

- Infection with resistant Staphylococcus strains
- Slow healing injuries
- Compromised immune system
- High oxidant levels

CONTRAINDICATIONS:

Not tested for safety during pregnancy and in children under 12.

WARNING:

Keep out of reach of children, and do not exceed recommended dose.

DOSAGE AND DIRECTIONS FOR USE:

Take 5 capsules per day. **To be use in conjunction with a prescribed antibiotic.**

SIDE EFFECTS AND SPECIAL PRECAUTIONS:

No known side effects

KNOWN SYMPTOMS OF OVERDOSE AND PARTICULARS OF TREATMENT:

If an overdose has been ingested, induce vomiting, and seek medical attention

IDENTIFICATION:

Brown powder encapsulated in a size 00 white capsule.

PRESENTATION:

Bio defence capsules in a sealed bag of 150 capsules

STORAGE INSTRUCTIONS:

Store at or below 25 °C **IN ORIGINAL PACKAGING** and protect from light and moisture. **KEEP OUT OF REACH OF CHILDREN.**

Complementary medication. This unregistered medicine has not been evaluated by SAHPRA for its quality, safety or intended use.
